THE BEST POSSIBLE PROTECTION

B250 XL

THE BEST POSSIBLE PROTECTION

B250 XL's sleek patio cover has wide louvres that seamlessly integrate with the drainage system for a dry and drip-free experience. Add integrated screens and patio heating to windproof your cover and conserve radiant heat. Your remote control, smartphone, or tablet make patio cover operation carefree.

SPECIFICATIONS

- Louvers join to gutters seamlessly
- Stand-alone, lean to or coupled along length or width
- Integrated drainage inside posts
- RTS or IO operation, remote control included

BENEFITS

- ✓ Splash and drip-proof thanks to the seamless integration of the louvres and the gutters
- ✓ Better conservation of patio heating
- ✓ Exceptionally sleek design thanks to perfectly flat louvres

OPTIONS

Dimmable LED lighting

The LED strips in the louvres give a beautiful light. Because the lighting is adjustable, it is also possible to create the desired atmosphere. LED spots are possible in the intermediate beams and the frame on all sides.

Patio heating

Powerful patio heating (2000 W or 2200 W) for cool evenings. You can combine different elements in one module. Available in black, white and anodized. (depending on model).
